"Transitioning into a managerial role required advanced qualifications, but leaving my job wasn't an option. JOBS+DEGREE PROGRAM's online MBA program was the perfect solution. It not only fit my schedule but also provided comprehensive learning that directly applied to my career at Maruti Suzuki."

What Employers Are Saying

Mr. Viswanathan Radhakrishnan

CSR Head of Landmark Group

We have found it appealing that in this program, candidates have the chance to seek higher education while earning a living. Moreover, this program is more affordable than **physical** and **distance education-based UG degrees**. Also, the aspects of this program, like being **100% online and LMS-based, along with OJT**, make it really flexible.

I want to mention that with frequent nudges from the **2COMS** team and follow-ups through our HRs, we see a progressive increase in trainee participation in online sessions.

The 2COMS team is very responsive to our questions and data-related requirements. They are consistent in tracking and monitoring critical activities in the project. Also, the team seems aligned with our intentions of making the trainees get the maximum benefit out of the learning opportunity. We appreciate the team's support."

Aejoy Alias

HR and L&D Head of MEDPLUS

I want to extend my gratitude to **2COMS** and the **WorkEd** initiative. Being part of this team for over two years has been an enriching experience. We successfully completed our pilot two years ago and have now launched on a grand scale. This year, we have a sizable number of MBA and BBA students, and I wish them all the best. This is just the beginning, and we have a long way to go.

Thank you for providing this platform, as it helps our employees at **MedPlus** pursue higher education despite their challenging work schedules. This opportunity is invaluable for our students' educational aspirations. I wish everyone the best, and I look forward to seeing you all achieve your graduation certificates."
